FEATURES

CONVENTIONAL PLATES

CTP PLATES

CORROSION PROTECTION

ANTI FUNGAL PROTECTION

ECO-FRIENDLY

WATER MISCIBLE

NON BLINDING

SYNTHETIC

00456 VELOCITY

PLATE CLEANER

Application

Cleaning treatment that removes scum and marks and desensitizes all lithographic offset printing plates in one step.

Benefits

Highly effective in providing fast cleaning of image and non image areas of printing plates. Mild enough for CtP and conventional plates..

Instructions

Apply liberally by hand with damp cloth or sponge to full area of printing plate. Wash off with separate clean and damp cloth or sponge. Buff well to smooth and dry finish ensuring no streaks or marks.

“Hi tech solutions for tomorrow developed today”

Fluid Technologies

Committed to excellence and distinguished by high quality innovative technology.

With a vision to revitalize the industry, its philosophies, and technologies.

Fluid Technologies has a sole focus on technologically driven fluids for the Printing Industry.

Partner with the true press chemical professionals for superior products, realistic prices and exceptional service!
