HIGHLIGHTS

VOC FREE

ALL PLATES

ECO FRIENDLY

LOW ODOUR

ECONOMICAL

LOW CONSUMPTION

NON CORROSIVE

DESCRIPTION

A truly innovative and revolutionary product. ECO Series XL Plate Cleaner is a partner to the new Vegetable Based press wash series.

VOC Free raw materials with carefully selected gums and acids. Much less harmful to both human health and extremely more beneficial to the environment. Suitable for all plates and press applications.

Formulated with next generation corrosion inhibitors to make it safe for every press type.

Low odour and pleasant to use.

Excellent economics due to high concentration and lower volumes required to clean and desensitize.

- Sheetfed and Web applications.
- Cleans quickly and thoroughly.
- Highly concentrated.
- Positive or negative plates
- 100% VOC Free
